Sub: Establishment - Sandur Temporary staff Spl. R.I. for introducing the Madras system of village accounts employment sanction requested.

The erstwhile Government of Sandur have been following the Mysore village Manual in the matter of maintenance of village account etc., and in all the 23 villages of the State, Village accounts and statistics have been written up according to the produce laid down in the Mysore village Manual.

The Special Officer, Sandur has reported to me that the method of maintenance and writing up of these accounts is different from that obtaining in the Madras Province, that there is no arrangement according to the existing procedure, for reporting epidemics and cattle diseases or for booking cultivation and that the karnams who are mostly not qualified for the posts know very little of the methods obtaining in the Madras Province. It is reported that only ten accounts have been maintained for each village and even these are not properly maintained as there has been no proper supervisory staff.

Consequent on the application of the several Madras Acts to Sandur, the village accounts have to be written up according to the Madras village Manual of accounts. For this purpose the karnams will have to be given necessary instructions in their maintenance, and this will have to be done in detail in respect of all the accounts maintainable according to Madras system of accounts.

I consider that a Special Revenue Inspector is necessary for giving necessary instructions to the karnams with regard to the maintenance of accounts and I request that sanction may be accorded for the employment of a special Revenue Inspector of the cadre of a lower division clerk for a period of three months from date of employment.

The financial effect of the proposal is worked out below:

Salary for R.I. for three month on Rs.45/- p.m.	135.
D.A. @ Rs.22/- p.m.	66
	201

I propose no peon for the Revenue Inspector as the service of one of the state peons can be made use of by him.
